

Google Classroom Support

We have created an online distance learning supports with resources and helpful information for students in each grade level.

We are providing learning opportunities because research indicates 2 months of reading skills and 2 ½ months of math skills are lost over a single summer. We want to try to avoid too much lost learning for your scholar this spring!

As your scholar works daily to complete assignments and activities, your teachers will call and check in with you once a week. Teachers will also be available during my office hours to answer any questions you or your child may have. Please check at the top of your student's google classrooms to find office hours for each teacher.

Accessing Google Classrooms

- Your scholar can access their google classroom by logging into their Google account.
- Scholars' email addresses are firstname.lastname@eastendprep.org
 - K-3 password: eastendprep [change after logging into whatever you want]
 - 4-8 password: eep plus their lunch number
- Once you log into your google account, use the menu (9 notes in top right corner) to select "Classroom." You will see your child's classroom where they can click "join". All assignments and communications will be posted here in Google Classroom.

Helpful Tips

- Watch this [Video](#) explaining how to access your child's google classroom
- Technology questions? Contact Antjuan Welch with technology questions: (615) 397-7329
- Need support with obtaining internet access? [Here](#) are some resources to check out.
